Subject: Cooperation of Sinoaude and Ronmas

Dear Sir or Madam,

For more than a decade Ronmas has been manufacturing and servicing marking machines, strapping machines and other package units for metal producers worldwide. During this time, technology has been continuously improved so that Ronmas machines have enjoyed and still enjoy the best reputation among their customers.

Today, we are proud to announce that together with our long-time partner SINOAUDE (SHENZHEN) TECH CO., LTD. we have intensified our trustful cooperation by sharing the entire technological know-how and the well-known brand name RONMAS.

Sinoaude will use Ronmas' technologies as input for its own marking machines supplied to customers in the PRC, Asia and other countries. Together, we will continue to advance the technologies so that SINOAUDE-RONMAS machines will be leaders in the markets. Proven technology and western suppliers for the core technology will enable us to serve our customers in the best possible way.

The Ronmas brand name, together with the logo, is used exclusively by Sinoaude in China.

We are proud to announce this brilliant beginning of an everlasting partnership.

With kind regards,

(Dr. J. Arndt)
